

Each of the following assignments will be due the first day of class.

Text book information.

AP Edition Campbell

Biology in Focus

Authors: Urry, Cain, Wasserman, Minorskey, Jackson, and Reece

ISBN-13: 978-0-13-310217-8

ISBN-10: 0-13-310217-3

1. Read Chapter 1-3 in the AP Biology Text Book. For each chapter please make note cards of all the bold/key terms. Key term on one side with the definition on the opposite side. There will be a quiz the first day of class on these terms.

2. Answer the following questions on the respective pages

- pg 17: #1-10- Heading: Test your understanding, Level 1-Level 3
- pg 39: #1-12- Heading: Test your understanding, Level 1-Level
- pg 65: #1-11- Heading: Test your understanding, Level 1-Level 3

3. Refer to pg 2-3 for the Levels of Biological Organization- Please create a flow chart of the levels (Biosphere --> Ecosystems --> Communities etc.). Each level must include the following:

- a description of the level
- specific components of the level
- a hand drawn and colored picture that represents the level.

This may be done on any type of paper/small poster.

Mrs. Yonkers will be the instructor - you may reach her at vyonkers@gracebrethren.com.
